

Representative Payee.
*Another way MI-UCP is
closing the disability divide.*

MI-UCP
Let's close the disability divide.

John needed assistance with setting up a budget, organizing his money, and even paying his bills because he is legally blind and has cerebral palsy.

The MI-UCP Representative Payee Program is here to help Social Security beneficiaries, like John, who need assistance in managing their benefits. Our expert staff will take on the responsibilities of using the benefits to pay for the current and foreseeable needs of the beneficiaries, while providing accurate records of how their benefits are spent.

MI-UCP Representative Payee Services include the following for a minimal fee:

Monthly Budget Development

Payment of Monthly Expenses

Debt Payment Plans

Monthly Statement of Expenses

At MI-UCP, we believe everyone has the right to live to the best of their abilities and go as far as their ambitions will take them. Together, we can help people like John, and more than a million other Michiganders, to close the disability divide.
